Chapter 2: Gray Wolf remembers Standing Bear

5:07

5 minutes, 7 seconds

Jim Greywolf, thank you all for coming, taking time out of our day.

5:17

5 minutes, 17 seconds

Speaking is one of my things, but this one's hard. Standing Bale was a wonderful brother.

5:27

5 minutes, 27 seconds

For years, we followed each other online.

5:30

5 minutes, 30 seconds

And when Standing Rock happened, we came together physically and got to know each other with my brother here, Shaz, who's

5:38

5 minutes, 38 seconds

down from Canyon Da to be with us today.

5:45

5 minutes, 45 seconds

After Standing Rock, I went to Florida and that family is celebrating him as well.

5:53

5 minutes, 53 seconds

Everyone's in touch. Circles are closing now and that's critical. When I went to Florida after Standing Rock, we were

6:00

6 minutes

still being attacked by those who wanted to stop what was going on. and he invited me to his lodge and we did his

6:08

6 minutes, 8 seconds

lodge and I found out from someone who reached out from Florida that they were in that lodge too. I had no idea. And a

Chapter 3: "We haven't lost him at all"

6:16

6 minutes, 16 seconds

nephew of mine, a Pueblo young man who I've been working with for a number of years. He was in that lodge as a young man. I didn't know that either.

6:25

6 minutes, 25 seconds

All these things are coming together. We have We've lost my brother in a physical way here. We haven't lost him at all. He's right here. He's right behind Zena.

6:38

6 minutes, 38 seconds

He's come to me four times since he left.

6:42

6 minutes, 42 seconds

And each time I felt uplifted because each time he came I was feeling depressed.

6:48

6 minutes, 48 seconds

I'm at that point where it'll be my turn to go up before too long. I don't know when, but before some of you for sure.

6:57

6 minutes, 57 seconds

When we go up there, we do the same energy but higher. We connect through circles and that's what's going to be

Chapter 4: Standing Bear as a bridge

7:06

7 minutes, 6 seconds

happening now even more and he's a huge part of that. He was a bridge. We talked a lot. I'm also a bridge. We were bridges to different things, different

7:14

7 minutes, 14 seconds

times, different people, male, female, four colors, all of it. And that's really critical right now cuz we're one

7:22

7 minutes, 22 seconds

tribe. We're seeing it. We're standing up. And he will continue.

7:27

7 minutes, 27 seconds

He will definitely continue stronger than ever. And next Saturday, um, when he showed up

7:36

7 minutes, 36 seconds

here and we got together again, um, I invited him to be part of my lodge and to run it together. White Buffalo Lodge,

7:45

7 minutes, 45 seconds

it's down in Rimrock. We rebuilt it along. Yeah, Shaz was here and a bunch of other people. Zen is part of the

7:53

7 minutes, 53 seconds

mouth. So, next Saturday at 5, we're going to We can't do a full lodge cuz we can't light a fire. That's okay. we will

8:01

8 minutes, 1 second

get together. Anyone who wants to come, you'll be welcome. It'll be online. You can find it. So, there's a lot of things. Good times to connect, good

8:09

8 minutes, 9 seconds

times to pull more forward. And he had, I think, 50,000 people as we are the

8:17

8 minutes, 17 seconds

medicine group, but he was also part of my Standing Rock group. There's 130,000 people who now are saying prayers and

8:24

8 minutes, 24 seconds

again on Saturday and also our water is life group and our global drum circle.

8:30

8 minutes, 30 seconds

So next Saturday we're going to have drum circles around the globe. We're going to have people doing an eight piece people lighting their pipes and people just praying praying and I welcome you all to that tonight.

8:41

8 minutes, 41 seconds

Thank you easier.

Chapter 5: The circle, prayer, conversation, and listening

8:45

8 minutes, 45 seconds

Thanks everyone for coming and sitting in a circle.

8:50

8 minutes, 50 seconds

He always said that if um if a circle doesn't start, a relationship doesn't start. If a prayer doesn't start,
a

8:58

8 minutes, 58 seconds

conversation doesn't start. If listening doesn't happen, a relationship doesn't start.

9:09

9 minutes, 9 seconds

It was great to listen to his flute. And I want to spend a moment listening now

9:16

9 minutes, 16 seconds

because obviously he's here and um you know he's taught me so much I could write five more books.

9:30

9 minutes, 30 seconds

And one of the most profound things that he taught me is this phrase, calm mind, peaceful heart.

Chapter 6: Calm mind, peaceful heart

9:44

9 minutes, 44 seconds

Just close your eyes for a second. Calm mind.

9:53

9 minutes, 53 seconds

Calm mind. Calm calm mind. Peaceful heart. Peaceful.

10:22

10 minutes, 22 seconds

[snorts]

10:26

10 minutes, 26 seconds

That's kind of how big his heart is. It just feels that at that second part you just disarm everything
and your heart gets bigger than an ocean.

10:39

10 minutes, 39 seconds

Yeah.

10:44

10 minutes, 44 seconds

So, one of the things he also used to teach

Chapter 7: What Standing Bear left in people

10:52

10 minutes, 52 seconds

me is that it's not what you leave for the people, it's what you leave in the people.

11:07

11 minutes, 7 seconds

And his legacy was one of absolute and total healing

Chapter 8: Healing together in circle

11:15

11 minutes, 15 seconds

of coming together in a circle healing together because healing is also all about

11:24

11 minutes, 24 seconds

listening and that was always his first point.

11:32

11 minutes, 32 seconds

reciprocity listening. We can heal ourselves listening.

11:40

11 minutes, 40 seconds

We can heal ourselves in circle.

Chapter 9: The continuation of We Are the Medicine

11:46

11 minutes, 46 seconds

His group has been going for over 10 years with the wisdom he's learned from his elder Tom for over [snorts] 30 years.

11:58

11 minutes, 58 seconds

And um I met him in Japan.

12:05

12 minutes, 5 seconds

I was doing a conference there and I got invited to a a day extra thing for Unity Earth that Van Bowler was putting on.

12:16

12 minutes, 16 seconds

Standing Bears was there performing with two of my favorite musicians.

12:22

12 minutes, 22 seconds

And we had spent the day, ironically enough, in the park in Tokyo where they believe that all religion and

12:32

12 minutes, 32 seconds

all books should be thrown out the window [laughter] and

12:35

12 minutes, 35 seconds

[clears throat]

12:35

12 minutes, 35 seconds

um you should just go sit by a tree and realize that that's what is religion.

Chapter 10: Zenka remembers meeting Standing Bear in Japan

12:44

12 minutes, 44 seconds

I think that I'm such a robot, such a computer that he and he's such the opposite that we just marveled at each other the whole time.

12:57

12 minutes, 57 seconds

But yeah, he he tried to ex one of the first things he tried to teach me was that water was a verb.

Chapter 11: Water as a verb and harmony

13:06

13 minutes, 6 seconds

Harmony like that that was like the word in his language meant harmony. It was a verb. it wasn't a thing and that it was connected

13:15

13 minutes, 15 seconds

to everything just like Marco Rhoden's map.

Chapter 12: The moment between our first and last breath

13:22

13 minutes, 22 seconds

I want to talk about his work protecting water, but I wanted to also mention

13:30

13 minutes, 30 seconds

one of the things he used to say is that we're in a moment between our first breath and our last.

13:39

13 minutes, 39 seconds

We're occupying that moment right now.

13:57

13 minutes, 57 seconds

You just turned the random number generators into disco lights.

14:08

14 minutes, 8 seconds

I've never seen someone with his abilities. I didn't even know someone like him even exist.

14:13

14 minutes, 13 seconds

[cough and clears throat] I've not even read about them in books.

14:20

14 minutes, 20 seconds

So, in Japan, I ended up going out to dinner with him that night after calling his hotel room three times. The Japanese

14:28

14 minutes, 28 seconds

lady looked at me like, "Are you serious?" Like, "One more time, bring his room."

14:35

14 minutes, 35 seconds

And we went out to this Chinese restaurant where you sit in the floor, you know, was the only one open in this huge fancy fancy hotel.

14:46

14 minutes, 46 seconds

And my boyfriend started texting me and said, "Don, like what the is going on?"

14:56

14 minutes, 56 seconds

[laughter]

Chapter 13: Learning remote viewing from Standing Bear

15:04

15 minutes, 4 seconds

I ended up hiring him to teach me remote viewing." [laughter] Yeah.

15:17

15 minutes, 17 seconds

And then he was supposed to come out in December, but he came for Adam's beautiful project

15:24

15 minutes, 24 seconds

eagle condor meeting of all the tribes coming together

15:31

15 minutes, 31 seconds

and it was told by his elders to sit and listen. That's what he did.

15:42

15 minutes, 42 seconds

So with the help of several mediums over the last couple days, I do have some messages from him.

15:52

15 minutes, 52 seconds

[snorts]

15:55

15 minutes, 55 seconds

Um he he's he's

16:02

16 minutes, 2 seconds

he's been turning off lights off and on jacuzzi's like all sorts of things. and he will be around for like six weeks or

16:11

16 minutes, 11 seconds

maybe a little bit longer to anyone. My nickname for him was Buffalo and he's like that. He's a huge

16:19

16 minutes, 19 seconds

energy. So you won't you won't miss him as long as you go calm mind peaceful heart.

16:27

16 minutes, 27 seconds

You'll find him.

Chapter 14: Sovereignty, balance, and reciprocity

16:36

16 minutes, 36 seconds

Some of the ideas that he talked a lot about in the last couple weeks

16:43

16 minutes, 43 seconds

was the idea of sovereignty like what you're working on. Um

16:52

16 minutes, 52 seconds

but meaning meaning true balance and true harmony and a sovereignty meaning that yeah all the cultures do come together.

17:01

17 minutes, 1 second

When we sit in circle, we're not better than one another.

17:06

17 minutes, 6 seconds

We're just we're sitting with the ancestors, the ones that have come before us. He would always call them in first.

17:16

17 minutes, 16 seconds

And his life was always about the next seven generations.

17:23

17 minutes, 23 seconds

Um but sovereignty said yeah that that that's just about reciprocity that we all are here for a very special

17:31

17 minutes, 31 seconds

reason. [snorts] No one's better than anyone else.

Chapter 15: Amnesty and the road toward healing

17:38

17 minutes, 38 seconds

The second thing he talked about was amnesty.

17:42

17 minutes, 42 seconds

He believed in order to heal and to come to the healing table, we would need not to forget what happened,

17:51

17 minutes, 51 seconds

but to talk about how we got misguided, how we fell off

17:59

17 minutes, 59 seconds

the path, got confused and from there

18:07

18 minutes, 7 seconds

you know the road forward can for healing of all people can can come from there. [snorts]

18:15

18 minutes, 15 seconds

And the final thing he talked about which was the biggest one, craziest one was neutrality.

Chapter 16: Neutrality and the healer's path

18:34

18 minutes, 34 seconds

I think that's what made him an amazing healer.

18:40

18 minutes, 40 seconds

I think that's what made him an amazing servant of the people.

18:53

18 minutes, 53 seconds

Neutrality, he said, is taking care of your own harmony and energy so that your emotions are not leaving positive and

19:02

19 minutes, 2 seconds

negative charge on either side of you.

19:10

19 minutes, 10 seconds

We're going for a 999 in Marco Roden's universe.

19:21

19 minutes, 21 seconds

So when we come to a neutral position, we can receive the gifts

19:32

19 minutes, 32 seconds

of the wei, of creator, of us, of what we're all doing.

19:44

19 minutes, 44 seconds

Standing bears was in a very pivotal time in his life.

19:55

19 minutes, 55 seconds

He's one of those unusual people that actually remembered what he what happened right before he incarnated.

20:07

20 minutes, 7 seconds

And he incarnated and he incarnated right after he got back from the other life.

20:18

20 minutes, 18 seconds

and he says, "Okay, give me 17 live events."

20:25

20 minutes, 25 seconds

And they said, "You've got to be kidding." He was like, "Well, yeah." They said,

20:34

20 minutes, 34 seconds

"Okay, we're adding three more." So, anybody who knows the story of Standing Bears,

20:41

20 minutes, 41 seconds

also the only man with a name that's a verb, his name directly translates to

20:50

20 minutes, 50 seconds

a bear standing up with courage.

21:01

21 minutes, 1 second

So the things that have been coming through

21:13

21 minutes, 13 seconds

was that he felt that he needed to he was told by the ancestors

21:20

21 minutes, 20 seconds

that he needed to balance some sort of energy

21:27

21 minutes, 27 seconds

for the planet. coming up

21:36

21 minutes, 36 seconds

because he's incarnated at a very high level. He can't say no to that.

21:43

21 minutes, 43 seconds

Probably wouldn't want to.

21:48

21 minutes, 48 seconds

But he left a big prayer here on earth as well which he'll be helping with.

Chapter 17: Water as Standing Bear's greatest prayer

21:58

21 minutes, 58 seconds

When we asked him a month ago, "What do you care most about?" He said, "Water."

22:09

22 minutes, 9 seconds

I said, "Why?" He said, "Because that's that's prayer."

22:17

22 minutes, 17 seconds

Just like the smoke is the connection between us and the ancestors in the other world. The water is the thing that ties us together. The nine.

22:29

22 minutes, 29 seconds

It's what flows between all things.

22:32

22 minutes, 32 seconds

Even consciousness, as it turns out, is the memory of the planet.

22:42

22 minutes, 42 seconds

Turns out he had no idea that his birth defect was uranium damage.

Chapter 18: Water, safety, and Indigenous communities

22:52

22 minutes, 52 seconds

But besides that, he explained to me it's important that water equals safety.

23:00

23 minutes

It's an important collaboration point for the colonial world and the indigenous world to come together around water.

23:10

23 minutes, 10 seconds

clean, clear that. Um, but water, you know, I've never felt more safe in the arms of man in my entire life.

23:26

23 minutes, 26 seconds

[snorts]

23:27

23 minutes, 27 seconds

He had the ability to transfer energy to me like peace.

23:37

23 minutes, 37 seconds

But he said it's important that the waters on the indigenous lands in this planet are cleaned up.

23:50

23 minutes, 50 seconds

As I was coming over here, I researched that one out of every four people

23:58

23 minutes, 58 seconds

how many people in this room have gone traveling and not and wondered if they were going to get sick after eating a salad

24:12

24 minutes, 12 seconds

every day of your life.

24:15

24 minutes, 15 seconds

One out of every four people on this planet do not have water safety.

24:26

24 minutes, 26 seconds

Two billion people on the planet have to consider whether to eat, drink, or get sick every time.

24:37

24 minutes, 37 seconds

It's estimated in the United States that 45% of indigenous people do not have access to clean water.

24:50

24 minutes, 50 seconds

[clears throat]

24:55

24 minutes, 55 seconds

So we'll be starting with his hometown Fishing Lake First Nation Canada and

25:03

25 minutes, 3 seconds

we'll just figure it out. one innovation at the at a time, starting with a map of the players and the map of the lands.

Chapter 19: Tobacco and gratitude ceremony

25:16

25 minutes, 16 seconds

So, we're going to pass around some tobacco in a conch shell.

25:23

25 minutes, 23 seconds

And if you want to hold that to your heart, just take a tiny bit. And again, this is

25:34

25 minutes, 34 seconds

what he believed was the highest, most sacred thing is tobacco. Just take a little and put it to your heart.

25:44

25 minutes, 44 seconds

And I want us to go around and just say something you're grateful for is that is how he always taught how to start a new day.

25:56

25 minutes, 56 seconds

Thank you. Can I add something with that water? Yeah. And it was the most critical part.

Chapter 20: Standing Rock and the protection of water

26:05

26 minutes, 5 seconds

Those of us who were at Standing Rock, of course, that was all about the winner. It's now 10y year anniversary.

26:10

26 minutes, 10 seconds

It's hard to believe, but it is. There's a 10year anniversary coming up in Standing Rock in August. And Standing

26:19

26 minutes, 19 seconds

Bear and I talked about it and we wanted to go to be there for this. And Shaz is going to be there and we have a friend coming up from New Zealand to be there.

26:30

26 minutes, 30 seconds

We're still looking to be there and we want to bring him with us. So, he will be there as well. But it's the water

26:38

26 minutes, 38 seconds

again and it's kicking off the next round. Standing lock open door tours.

26:42

26 minutes, 42 seconds

Incredible tours. But that was just round one. Now we're getting ready to do the next with the water like you said

26:50

26 minutes, 50 seconds

and we'll be back out and we'll take it from there. So when that happens, we'll have things online and we'll celebrate

26:57

26 minutes, 57 seconds

him as we go and of his will come with us. He said, I don't know what, but that'll come with that and we'll have it

27:03

27 minutes, 3 seconds

out there. So, that is August, middle August.

27:08

27 minutes, 8 seconds

If you'd like to hear about these events, um you can put your name or phone number or email on the sheet there at the door before you leave tonight.

Chapter 21: Jenny Jones and the continuation of We Are the Medicine

27:19

27 minutes, 19 seconds

and uh his we are the medicine group is going to continue under his director Jenny.

27:28

27 minutes, 28 seconds

And that group meets 20 times a month and has splintered groups that are helping people stay off addiction and

27:36

27 minutes, 36 seconds

stay grounded and carry on the seven grandfather teachings and the wisdom of the elders.

27:45

27 minutes, 45 seconds

He had just finished his fifth book. We were going to work on the cover for it.

27:50

27 minutes, 50 seconds

And I'm just going to read this one more here for July [clears throat] 1st through July 4th.

Chapter 22: Teachings from Standing Bear's writings

28:00

28 minutes

July 1st. The purpose of life is to celebrate it.

28:06

28 minutes, 6 seconds

That was the one of the cutest things is to see him like a little kid again enjoying a childhood he didn't really have.

28:15

28 minutes, 15 seconds

July 2nd. If we're not humbled by the mere fact that we woke up this morning,

28:24

28 minutes, 24 seconds

then we are forgetting the greatest gift ever given to us.

28:35

28 minutes, 35 seconds

July 3rd. The first test of love is humility.

28:44

28 minutes, 44 seconds

The last test of love is humility. The only test of love is humility.

28:55

28 minutes, 55 seconds

[laughter]

29:02

29 minutes, 2 seconds

in July 4th, which happens to be my birthday.

29:10

29 minutes, 10 seconds

Within [clears throat] our hearts is the sacred flame of a thousand fires,

29:17

29 minutes, 17 seconds

a beautiful gift given to us by our ancestors.

Chapter 23: Gratitude circle

29:24

29 minutes, 24 seconds

So, I just like to go around the circle and say what you wake up being grateful for

29:33

29 minutes, 33 seconds

[clears throat]

29:35

29 minutes, 35 seconds

of unity and community and the ancestors that came before us to carry that tradition forward and to

29:42

29 minutes, 42 seconds

teach us. [clears throat] Love of the natural world.

29:52

29 minutes, 52 seconds

I met um standing there kind of the day before um the Eagle Council condor elders gathering happened. He showed up

30:01

30 minutes, 1 second

when we were kind of cutting and carrying firewood and um I was like,

30:07

30 minutes, 7 seconds

"Oh, wow. Who's who's that guy?" He he seemed like he was kind of some kind of chief and he was talking to Adam. There

30:14

30 minutes, 14 seconds

were hardly any people there yet. And then um I got to know him a little bit at the event, but I had the honor of

30:21

30 minutes, 21 seconds

going to his full moon um pipe ceremony at June or Bala's house. And I recognized in him um a certain kind of healer that I myself am not capable of.

Chapter 24: Standing Bear's medicine as a healer

30:35

30 minutes, 35 seconds

That he has gone through so many things in his life and carries this medicine

30:42

30 minutes, 42 seconds

that was so powerful that he would be able to help people overcome a lot of the things that they've gone through in their lives that have kept them down.

30:52

30 minutes, 52 seconds

And I knew that he had a place in this community, a very powerful place because it takes someone who's really been

30:59

30 minutes, 59 seconds

through that and come out the other end with such grace and I, you know, I saw

31:07

31 minutes, 7 seconds

his place. I saw his piece of the medicine and it's and it was like gone almost as soon as it got here and it

31:15

31 minutes, 15 seconds

will be very very missed cuz it was a valuable piece. A very valuable piece.

31:21

31 minutes, 21 seconds

I'm glad I got to know him and smoke his tremendous.

31:27

31 minutes, 27 seconds

So, one of the things he's asked to do tonight um is to we're going to bring in the rain for the fires.

31:38

31 minutes, 38 seconds

So, we can do that a little before you guys start playing. Um

31:46

31 minutes, 46 seconds

but yeah, he's right here and

Chapter 25: Walking the Red Road

31:50

31 minutes, 50 seconds

[clears throat]

31:52

31 minutes, 52 seconds

He walked the red road, which is what we all do. And it's just this great

32:00

32 minutes

mystery journey of giving it all you have.

32:10

32 minutes, 10 seconds

And he was a very big energy guy, but he was certainly very precise.

32:17

32 minutes, 17 seconds

Very precise person. His

And as we close our eyes and imagine the lightning and the thunder and the rain.

32:46

32 minutes, 46 seconds

Mhm.

32 minutes, 47 seconds

I can see it while you're This song is for the walk up the thunder lightning can continue to visualize.

Chapter 28: Caring for Standing Bear's sacred instruments

38:46

38 minutes, 46 seconds

[bell]

38:47

38 minutes, 47 seconds

He came to me uh and said, "Take care of these uh instruments, these bundles.

38:55

38 minutes, 55 seconds

[bell] These are really sacred uh instruments here.

39:00

39 minutes

And uh we got to watch over and feed these uh so they can move on too and be able to help out like he did. Mhm.

39:09

39 minutes, 9 seconds

That's done in uh and through ceremony, you know. And you've been entrusted I believe in these instruments and his

39:17

39 minutes, 17 seconds

family and many relatives have these pieces and others and you know learn how to feed them take care of them

39:26

39 minutes, 26 seconds

and then you're going to get stronger and continue to work with these uh they call it the chonupa

39:35

39 minutes, 35 seconds

and the flute and and the his medallions and that knowledge that resides inside those books.

39:44

39 minutes, 44 seconds

So I was real adamant about that to support in whatever way I can you know too you know there's many relatives that know but these instruments have to be

39:53

39 minutes, 53 seconds

fed you know it's going to feed him there too. So

39:59

39 minutes, 59 seconds

I want to sing a thank you song u to you my relative

Chapter 29: Thank-you song and prayer

40:08

40 minutes, 8 seconds

sing this song and give thanks for our lives.

40:14

40 minutes, 14 seconds

You know to me living in this world this three dimensional body it's only one essence of

40:23

40 minutes, 23 seconds

how we can work. Ja is more powerful in the way that he's residing right now cuz he can be a part of each and every one

40:30

40 minutes, 30 seconds

of us. I know that from being in my free essence coming here today.

40:38

40 minutes, 38 seconds

And so in that, you know, look towards that too. So we can be with

40:45

40 minutes, 45 seconds

our altitude and we can celebrate this that holy way and to move through each of us now in that

40:54

40 minutes, 54 seconds

way. I sing this song to you and honor you with this bow and whistle and the holy ones and all your ancestors that

41:03

41 minutes, 3 seconds

are here with us and us help get through this song too right here

41:11

41 minutes, 11 seconds

help all of us and I'd like us to stand and see him in the most brilliance as we did before he left us

41:19

41 minutes, 19 seconds

see him in the you know most highest self and how he touched each and every one of us and see him and even a greater

41:26

41 minutes, 26 seconds

illuminance like you said that contract you know beyond this world and coming

Chapter 30: Carrying the work into the future

45:10

45 minutes, 10 seconds

Miles is here. I can go on and on.

45:13

45 minutes, 13 seconds

They're here with us today because they're welcoming him up there.

45:16

45 minutes, 16 seconds

He's part of their circle. The young ones will and are stepping forward. I've been doing this a long time. I've seen

45:24

45 minutes, 24 seconds

huge changes. My first time out was Vietnam against that war. Nobody listened.

45:32

45 minutes, 32 seconds

They told us to shut up. Sit down.

45:36

45 minutes, 36 seconds

As a puppy, I walked with Dr. King. I saw what peace could do. We're there now.

45:44

45 minutes, 44 seconds

We are the majority. And the young people will help carry it. And our indigenous brothers and sisters will help carry it. And we all will help

45:54

45 minutes, 54 seconds

carry it. Never doubt it. Never doubt it. Belief now is critical. And trust and stand up. Look how we're standing

46:03

46 minutes, 3 seconds

up. Millions of people are standing up now around the globe. No, we don't see it all because they're not reporting it.

46:11

46 minutes, 11 seconds

Those who would not want change are not showing it. It's happening. Believe me, I get things from all over. I know Adam

46:18

46 minutes, 18 seconds

does, too. Adam's out there in the trenches in these places. And he carries the word.

46:27

46 minutes, 27 seconds

So, let's continue to do that.

46:30

46 minutes, 30 seconds

I was thinking as you were talking too, I'm fine speaking and writing, but singing or dancing, not not my thing.

46:38

46 minutes, 38 seconds

But I'm thinking of the song from Standing Rock that Daphne singing tree wrote for us and we did around the

46:47

46 minutes, 47 seconds

fires when they threw sound at us all night long so we couldn't sleep. It was mini water is life. Sweet water. Sweet

Chapter 31: Water is life

46:57

46 minutes, 57 seconds

water. Cuz everyone's right. And he was all about that. Mini

47:02

47 minutes, 2 seconds

water is life. Protect it. protect it with all of your light. And we would sing that for hours.

47:12

47 minutes, 12 seconds

We didn't even hear the negative drugs, the negative noise. [snorts] It couldn't pierce that. That is the value of water.

47:19

47 minutes, 19 seconds

And that's what my brother brought so strongly. I've been around a lot of these things. He carried that even stronger than I did. And I value that.

47:29

47 minutes, 29 seconds

So please know that people are stepping up. Welcome in. Carry his message wherever you go.

47:38

47 minutes, 38 seconds

Say you know him. Those of us who are lucky enough to know him, we're a tiny drop in the sand of people. We got to know. So this more than once.

47:49

47 minutes, 49 seconds

That's power. Thank you, ancestors.

47:53

47 minutes, 53 seconds

Stay with us. We're slow learners, but we're getting there.

48:08

48 minutes, 8 seconds

Stating Baris. We're here to honor you today.

Chapter 32: Closing words of love

48:23

48 minutes, 23 seconds

May the way that you walked, the way that you actually

48:31

48 minutes, 31 seconds

walked what you talked like so inspiring.

48:39

48 minutes, 39 seconds

And if no one told you that they love you today, you do.

48:45

48 minutes, 45 seconds

[snorts]

48:50

48 minutes, 50 seconds

Thanks everyone for coming.
